## Praise & Reviews

**"In *Above the Star*, a regular family with heartbreaking problems enters a world of epic adventures and the possibility of extraordinary solutions. Alexis Marie Chute manages to tell a fantastical tale that is also deeply human."**

**– Todd Babiak, author of *Son of France***

**"Chute is writer of psychological acuity whose language and images transport the reader into this fascinating world filled with heart. *Above the Star* will leave readers reluctant to leave this magical world and breathlessly awaiting more."**

**– Laurie Foos, author of *Ex Utero* and *The Blue Girl***

**"*Above the Star* is one weird and wild ride full of memorable characters created by an imaginative writer.**

**A mesmerizing and other-worldly read that kept me off-balance from beginning to end. Think of *Star Wars*, *The Lord of The Rings* and *Homer's Odyssey* all wrapped up together in a gift box called *Above the Star*."**

**– Raymond Gariepy, editor of *WestWord* magazine**
